January 2017

RLLCO News & Updates-

The Gas Grabber

Since 1970, R L Laughlin has offered quality natural gas measurement services to many of the industry leaders in the Appalachian basin. With our main office located in Charleston WV and a second office located in Hartville Ohio, our clients always have access to us when we're needed.

The Company Pulse

It goes without saying, 2016 has been a year the Oil and Gas industry would like to forget. The worst recession our industry has seen, necessitated a reduction in our staff as well as the staff of many of our valued customers. No one knows for sure, but I am hopeful a recovery will take place sometime in 2017. There is still a great deal of hard work ahead of us as the recovery period won't be easy. I am proud of how our R.L. Laughlin team has collectively stepped up to meet the needs of our customers during this challenging time.

— LATEST NEWS & EVENTS —

Office Christmas Gift Exchange & Pizza Day!

Joe Goff out did us all by wearing his best ugly Christmas sweater (seen in the top left). So in turn, next Christmas, we plan on having a "Ugly Christmas Sweater Competition"! Look out for those pictures!

Christmas Party Fun!

The company would like to recognize Stephanie Hamilton for organizing such a great evening.
Thank You!
